RANCHO SANTA FE — Taking the opportunity to host an elegant yet informal cocktail hour, Francine Busby met with her constituents to answer their questions and offer advice in local, state and national politics during an evening titled, "Getting our Country Back on Course," Oct. 14 at the Rancho Santa Fe Golf Course.

Busby is a democrat, running against Brian Bilbray for the seat in the 50th Congressional District.

This is the second election this year in which Busby has run against Bilbray — they went head to head during the run-off election in June to fill the vacancy
